

PROJECT TITLE

Student Name: Anjali Choudhary
Branch: UIC
Semester: 3
Subject Name: Desktop Publishing lab

UID: 23BCA10078
Section/Group: 5 'A'
Date of Performance:
Subject Code: 23CAP-204

Aim/Overview of the project:

Making a project on **Horror Series Magazine** using various tools in photoshop

Task to be done:

Making 5-6 slides of our own choice using various tools and layers in Adobe Photoshop.

Steps followed in making the project:

DESIGNING MAGAZINE

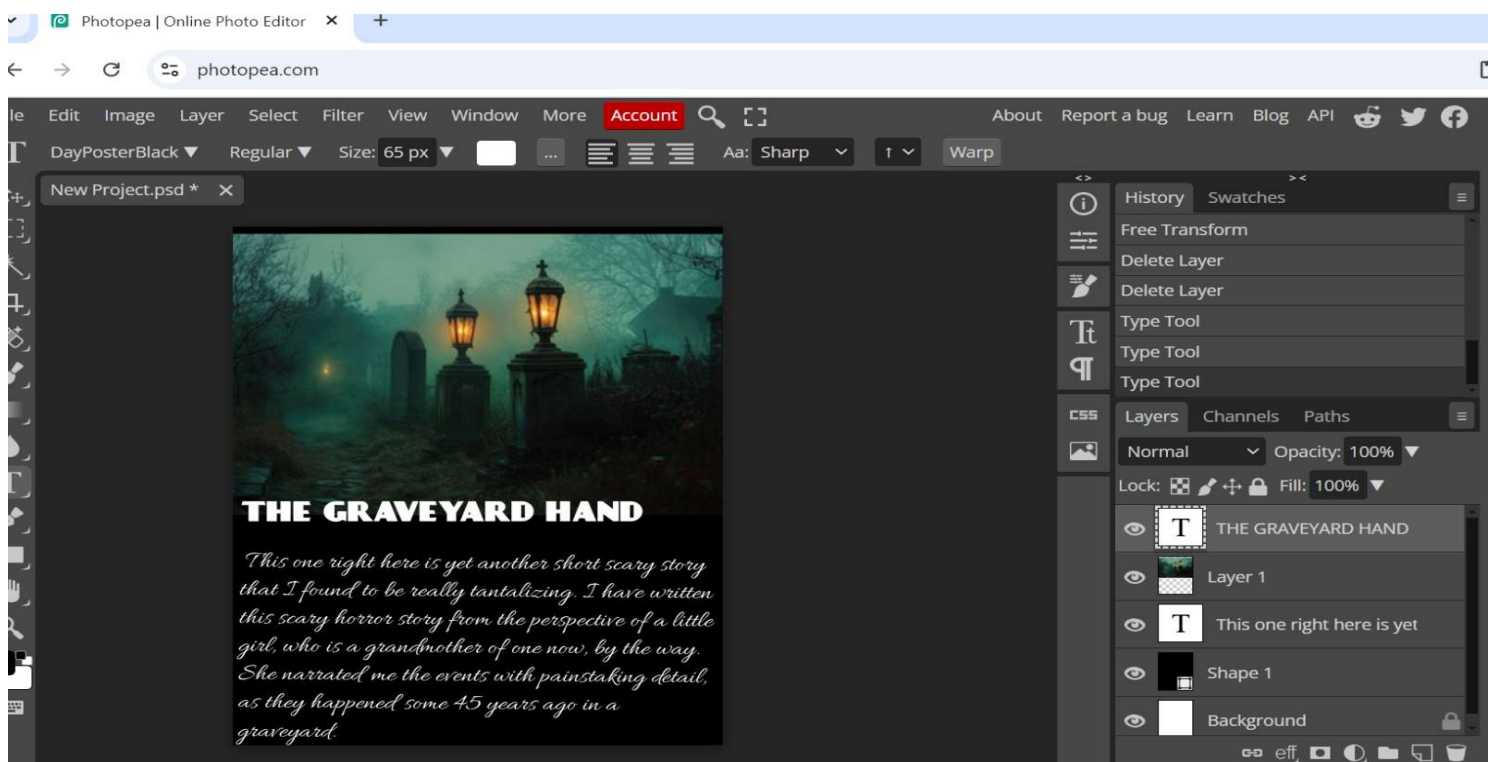

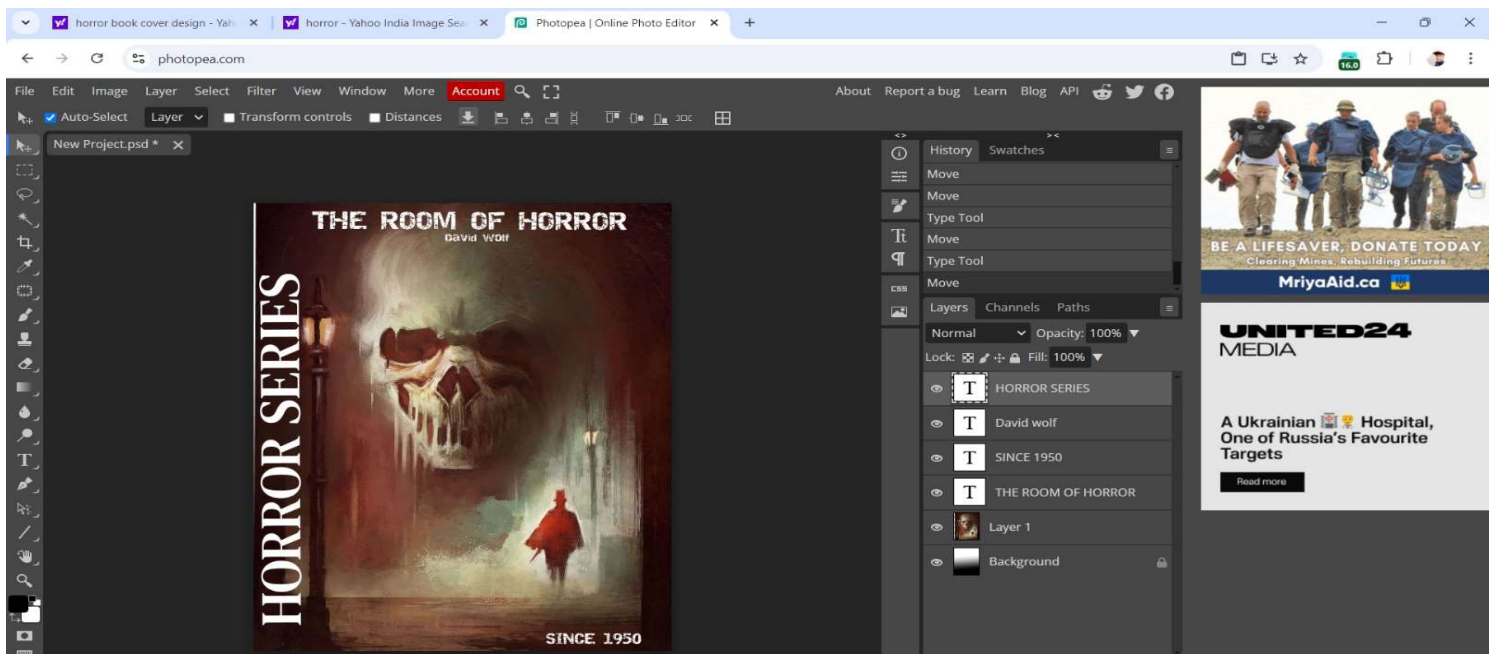

- Open photoshop
- Now, for applying gradient color in the background layer, select gradient tool from the search type gradient tool there.
- After selecting gradient tool. Select color of your choice and apply it.
- Click on shape tool. Chose shape of your choice like rectangular, line, triangle etc.
- Now, Copy Paste your image which you want from the tool which is next to the layer panel.
- Adjust your image using move tool.
- Click on Text tool to type text to your image. And adjust it accordingly by using move tool.
- Now, choose Font size for your text.
- Now, choose font color, text indent, font style.
- Your required slides will be ready.
